### \$395 WILL NOW BUY YOU A FORD

Local Agents Receive New Price on Ford Cars at the Beginning of Fiscal Ford Year.

Messrs. Johnson & Rohde, local agents for the Ford Automobile in Brazos and Burleson counties received a new price on Ford cars this morning. The first of August in each year is the beginning of a new year for the Ford company and since the car has been on the market some radical change has been made at this time each year. This year the change was the drop in the price of five-passenger cars of \$50. The price now on a Ford touring car is \$360 f. o. b. Detroit and \$395 delivered in Bryan, the price on a runabout f. o. b. Detroit is \$345 and \$380 delivered in Bryan.

The sub-agents for the Ford in Burleson county evidently anticipated the slump in price as only yesterday Mr. J. R. Lyon of Lyons drove home five cars and Wyatt and Seale of Caldwell drove home four. Messrs. Johnson & Rohde anticipate a heavy demand now for Ford's at the new price and in view of this fact ordered by wire this morning a full car load and others will be ordered later in the week. Those ordered this morning will be in transit tomorrow morning as the Ford factory does business just like the machine, right now. It is the desire of the local dealers to not get behind on their orders, and a good stock is now on hand.
